Alabama AGC hosted its annual BUILDSouth Awards Ceremony on April 14 at the Club in Birmingham. The event recognized outstanding projects from the previous year as well as leading companies and individuals who have made a significant impact within the state and industry.

Awards were given to those who produced exceptional work in categories such as workforce development, community development, safety, building construction, highway construction and more.

Alabama AGC also acknowledged those who have demonstrated extraordinary commitment to the association with the Legacy Award for 50 Years of Service to Alabama AGC. This year also saw the presentation of the AGC Women in Construction Award, as well as scholarships awarded to three bright, local students aspiring to careers in construction and contracting.

At this year's AGC BUILDSouth Awards Ceremony, Rick Pate of Pate Landscape Co. Inc. was inducted into the AGC Hall of Fame.

The 2022 Alabama AGC officers also were announced at the event.
